UMAMUSUME FRIEND SUPPORT CARDS LIST					
Card Name	Rarity	Type	Unique Value When Borrowed	Typical Use Cases / Notes	Tier
Kitasan Black [Fire at My Heels]	SSR	Speed	- High race bonuses- Top Speed SSR- Maximum consistency	- Final-race stacking- Speed domination	S+/S tier; top demand
Fine Motion [Wave of Gratitude]	SSR	Wit	- Exceptional skill acquisition- High hint rate- Maximizes skill pool	- Skill-heavy runs- Securing key abilities	S+ meta pick
Super Creek [Piece of Mind]	SSR	Stamina	- Strong stamina buffs- Reliable recovery- Event utility	- Stamina builds- Event-heavy training runs	S tier; top friend choice

Special Week [The Setting Sun and Rising Stars]	SSR	Speed	- High Training Effectiveness- Race Bonus- Late-surger skills	- Speed/Late Surger builds- Speed bursts- Recovery bonus	S tier SSR; late strategies
Silence Suzuka [Beyond This Shining Moment]	SSR	Speed	- Outstanding Mood & Hint boosts- Elite Front Runner toolkit- Rare yellow skills	- Front Runner/Speed builds- Consistency- Mid-race dominance	S tier SSR Speed; meta favorite
Gold City [Run(my)way]	SSR	Speed	As Gold City is leveled / limit-broken: • Friendship Bonus: 15% → up to 20% Game8 • Mood Effect: 20% → ~30% Game8 • Training Effectiveness: +5% (constant) Game8 • Initial Speed: +20 Game8+1 • Initial Friendship Gauge: 20 → up to 25 Game8 • Hint Level: Lv2 → up to Lv4 Game8 • Hint Frequency: 40% → up to 60% Game8 • Speed Bonus: +1 (added) Game8 • Race Bonus: 0 → up to 10% Game8 • Fan Bonus: 0 → up to 15% Game8 • Power Bonus: 0 → +1 (unlocked)	- As a borrowed friend card, Gold City gives strong Speed boosts / early speed position advantages. - Helpful in Speed / Front Runner builds, especially when you need more initial speed or steady acceleration. - Its hint / skill contributions (Acceleration, Keen Eye) are useful for mid / mile type races. - Because it gives both “initial speed boost” and “speed bonus,” it stacks well with other speed supports. - Its “Race Bonus / Fan Bonus” at higher leveling also helps in competition	In many support card tier lists, Gold City (Run (my) way) is lower / situational tier (often B or lower) rather than S, especially compared to top Speed SSRs like Kitanan Black, Silence Suzuka, Fine Motion etc. Sportskeeda+2GamerBraves+2 In <i>Game8</i>’s <i>SSR list</i>, Gold City is listed among SSR Speed supports. Game8 But in meta / tier

				/ friend-support scoring contexts.	discussions, it's not typically a "top pick" unless well leveled / limit broken.
